DETAILED ACTION

Claims 47 to 49, 56 to 61 and 88 are pending in the instant application.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 20 May of 2009 has been entered.

Information Disclosure Statement

With respect to references BF and CE3 to CN3 cited therein, the information disclosure statement filed on 20 May of 2009 in the instant application fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Specifically, that information disclosure statement relies upon prior application No.09/286,166 to provide the required copies in accordance with 37 CFR 1.98(d). However, as stated therein, 37 CFR 1.98(d) is only available when "[t]he information disclosure statement submitted in the earlier application complies with paragraphs (a) through (c) of this section". In the instant case, prior application No.09/286,166 does not contain copies of the cited references and itself is relying upon 37 CFR 1.98(d) to satisfy the

requirements of 37 CFR 1.98(a)(2), as indicated by the fact that it also identifies earlier application No. 08/462,383 as providing the required copies, therefore failing to comply with paragraphs (a) through (c) of 37 CFR 1.98.

Allowable Subject Matter

Claims 47 to 49, 56 to 61 and 88 are allowable as written and have been renumbered 1 to 10, respectively.

Conclusion
